

Accreditation:

Med-Assist School of Hawaii is nationally accredited by the

Accrediting Bureau of Health Education Schools (ABHES), which is listed by the U. S. Department of Education as a nationally recognized accrediting agency under the provisions of Chapter 33, Title 38, U. S. code and subsequent legislation?

Med-Assist is also licensed by the Hawaii State Department of Education. Med-Assist School of Hawaii is approved for the Career Advancement Account (CAA). The Hawaii State Approving Agency approves us for Veteran's benefits.

We also work closely with Vocational Rehabilitation companies to help train people eager to get into the work force!

We understand that a two or four year college can seem endless. That's why we have streamlined our curriculum! No prerequisites like History or English. Every class you take at MASH is a stepping stone to a strong foundation in the medical field. Each class offers hands on training that you will use on the job! A career in the health care field is a profession to be proud of. Let Med-Assist help you become a successful professional in the medical field!

Take control of your life today!

OUR HISTORY

Med-Assist School of Hawaii has been teaching Medical Assistants and other medical personnel in Hawaii since 1974. The mission of the school is to provide the necessary education to prepare competent professionals to enter the medical field. As a member of the health care profession, you are given the opportunity to help others and to make the most of your specialized knowledge and skills.

PROGRAM DESCRIPTION

The Medical Assistant course is 775-hours over a period of nine months and teaches the skills needed to work in a doctor's office or clinic. Medical Assistants learn both the administrative and clinical aspects of the medical profession. Coupled with an amazing externship, our graduates go out into the workforce with real hands on training in medicine.

EMPLOYMENT OUTLOOK

Med-Assist School of Hawaii opens the door to many career choices and will prepare you for a very demanding and exciting occupation! The demand for employment in the medical field is expected to increase over the next ten years. The health service field is growing faster than any other industry in the United States, and it is currently the third largest employer in the country.

“Medical Assisting is projected to be one of the fastest growing occupations over the 2007-2014 period”. -The US Department of Labor

The medical field offers a variety of positions in doctor’s offices, medical clinics, hospitals, research laboratories, long-term care facilities, insurance companies, medical/dental supply facilities and so on. Let us prepare you for an exciting new career.

CURRICULUM

Administration: Learn the technical and business skills of the new millennium-computer, typing, fax, transcription, insurance processing, medical billing and coding, book-keeping, medical law, medical terminology, pharmacology, anatomy and physiology, and other medical courses that build a strong foundation in medicine for the MASH student.

Clinical: Pharmacology & Clinical Procedures I, II, III teach students to prepare patients for physical exams or minor surgery, administer medication, give injections, take vital signs, EKG’s and prepare equipment.

Lab: Help diagnose the patient’s problem by performing Urinalysis, Phlebotomy and Hematology tests.

Externship: We place our students in real doctors’ offices to get hands on experience before they graduate!

Day Classes: Monday-Friday; 8:00am-1:35pm
Offered EVERY 5 Weeks

Evening: Monday-Thursday; 5:00-9:35pm
Offered Quarterly
